Hello Dr. Ali,

We are moving to the android app for key issue. Our app is ready and we need the list of ee lab /room numbers whose keys are issued from security at block 3. That list of rooms needs to be replied all to this email.

Eg, in cse we have room 516, 512,513 etc whose keys are issued from ground floor. We need similar list.

Also, in EE dept, how many copies of the keys are maintained? In cse we maintain 1 master copy and two duplicate copies of the keys.

Please reply by 530 today.
